STICKER TEMPLATES

There are many ways to print CofC stickers.

1. Purchase the appropriate Avery sticker template and print the PDF you want.
2. Go online to the Avery Design & Print website. Select “Specialty Shapes” and choose your template. Pick your sticker JPG and insert it, then follow the Avery instructions.
3. Send PDF to a local Fedex Kinkos or local print shop and ask to have it printed on adhesive paper. Cut on your own.
